

Module Record Forms

Chemistry

Module Record Forms

Level: Beginner

Category: Chemistry

Lesson 1

Planning a test

Completed

Lesson 2

Doing a test

Completed

Lesson 3

Reviewing a test

Completed

Lesson 4

Everyday materials

Completed

Lesson 5

Describing materials

Completed

Lesson 6

How materials change 1

Completed

Lesson 7

How materials change 2

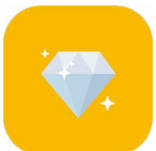

Completed

Lesson 8

Looking at rocks 1

Completed

Lesson 9

Looking at rocks 2

Completed

✓ Tick the blue boxes for completed lessons

Module Record Forms

Level: Intermediate

Category: Chemistry: KS3

Lesson 1

Scientific equipment

Completed

Lesson 2

Measuring equipment

Completed

Lesson 3

The periodic table 1

Completed

Lesson 4

The periodic table 2

Completed

Lesson 5

Elements, compounds
& mixtures

Completed

Lesson 6

Chemical substances

Completed

Lesson 7

Separating mixtures

Completed

Lesson 8

Acids & alkalis

Completed

Lesson 9

Chemical reactions 1

Completed

Lesson 10

Chemical reactions 2

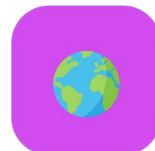

Completed

Lesson 11

Metals

Completed

Lesson 12

The Earth's atmosphere

Completed

✓ Tick the blue boxes for completed lessons

Module Record Forms

Level: Intermediate

Category: Chemistry: KS4

Lesson 1

Atomic structure 1

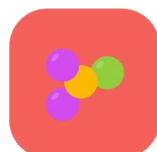

Completed

Lesson 2

Atomic structure 2

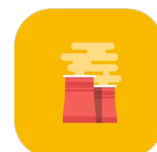

Completed

Lesson 3

Bonding & structures

Completed

Lesson 4

Carbon

Completed

Lesson 5

Electrolysis

Completed
